

Please join the Board of Directors and Staff of Country Roads Community Health Centre in welcoming Marty Crapper of Westport Ontario to the position of Executive Director effective May 17, 2010.

Marty brings to this position more than 18 years experience working in community development, health promotion and non-profit health services management in Leeds and Grenville. Most recently, he worked with Child and Youth Wellness Centre of Leeds and Grenville, coordinating children's mental health services with school boards, health services, child protection and youth justice systems. He is experienced in developing and implementing innovative and effective community based services and programs in collaboration with community partners. Marty has served on many volunteer boards of directors and has been active in a variety of ways in his home community. He is also a professional musician.

He received his Master of Public Administration from Queen's University in 1997 after completion of bachelor degrees in Education and Psychology at Trent University. Marty believes in collaborative leadership and has established many lasting, cross-sectoral partnerships. He has a passion for the Leeds-Grenville area, a keen understanding of local community strengths, and the necessary drive to lead Country Roads Community Health Centre into the future.

Country Roads Community Health Centre is a proud member of the Association of Community Health Centres. This year, we celebrate 21 years of providing quality primary health care to individuals and families in and around the Rideau Lakes. Our programs, services and activities aim to ensure access to quality care, health promotion, illness prevention and treatment as we work with our partners to build capacity in individuals and the community.
